# If you can imagine it you can create it with Fielders Dominator® Fencing

Whether it's to finish off your newly built home, improve your existing one or to provide better protection for your valuable assets, you can do it with a fencing solution from the Fielders Dominator® range.

With 4 different styles in 15 colours to choose from, plus the option to add lattice or slat capping, the Fielders Dominator® fencing range has a product to suit every Aussie home.

- Australian made from genuine COLORBOND® steel – trusted and proven for over 50 years
- Easy to maintain – a simple hose down and remove any debris every 6 months to keep it looking great
- Durable – won't rust, peel or crack and is impervious to termite attack
- Non-combustible – perfect for use in bushfire prone areas
- A fully tested system made to Australian standards
- Backed by BlueScope material warranty\*
- Easy to install for both the trades professional or DIY'er
- Replacement components readily available in the event of damage

\*Terms and conditions apply. See website.

FENCING & SCREENING

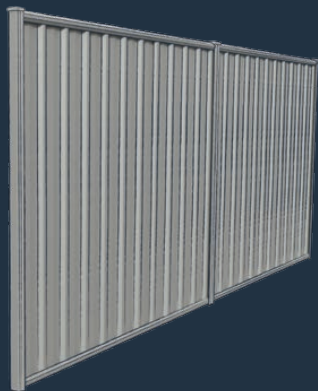

**TL-5™**

**S-RIB™**

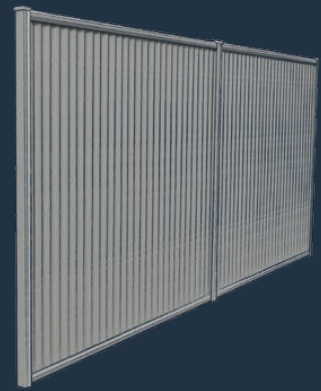

## Our most popular style that has stood the test of time.

Fielders TL-5™ fencing is the original style steel panel fence that still provides an impressive, premium appearance. TL-5™ blends beautifully with any environment and can provide a familiar, secure boundary to any home.

## Inspired by the classic Aussie roof.

Inspired by the iconic corrugated iron roof, this shape has stood the test of time, and just like corrugated roofing S-Rib™ is a style that's equally at home alongside both traditional and contemporary Australian architecture.

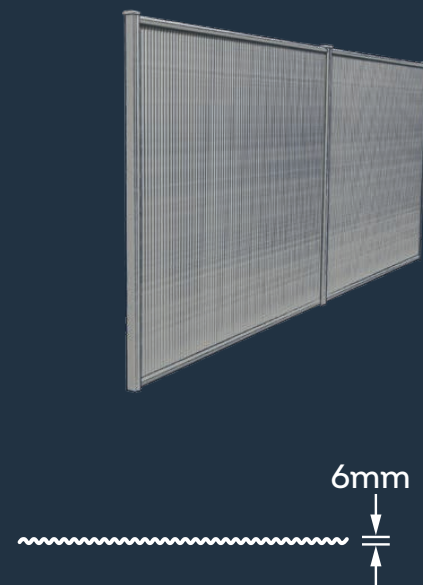

## Mini-Flute™

### Versatility to create a modern or heritage look.

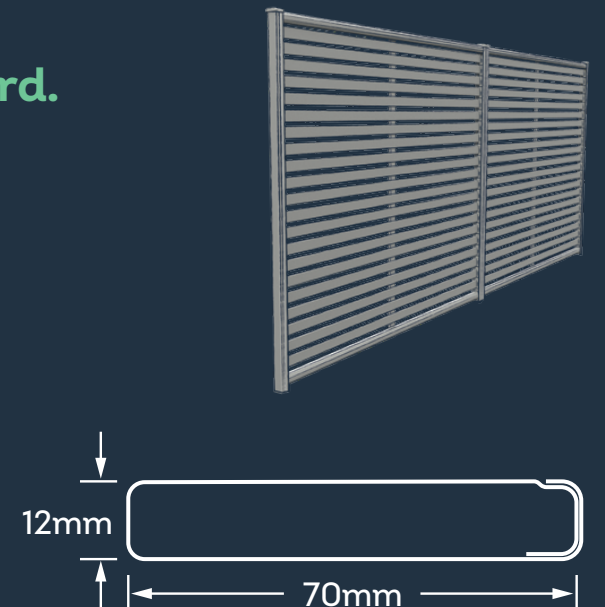

Our Fielders Mini-Flute™ fence is another corrugated option, but with much smaller corrugations giving it a more refined, precise presence. This versatile fence can be used as a privacy screen or as a boundary fence.

## Slat Screening

### A stylish complement to any yard.

The final product in the Dominator® range is our Slat Screening product. This fence can be used as a single panel privacy screen or a multi-panel garden screen, and provides a modern, sleek addition to any property.

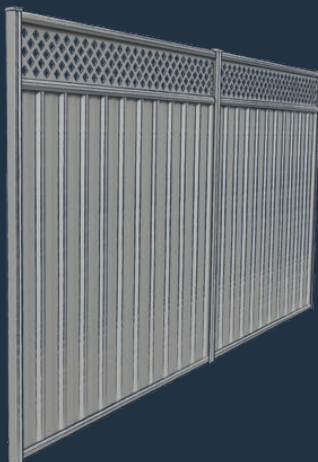

# Lattice & Slats

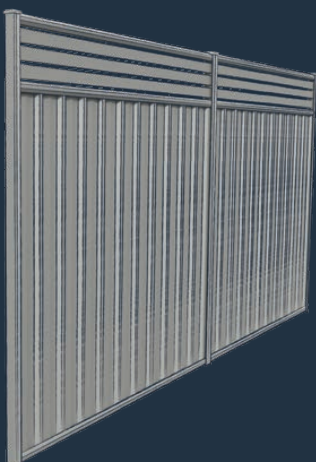

**The Fielders Dominator® fencing range provides greater flexibility through its various lattice options.**

- The Fielders lattice and slat infills will suit any fence in the Dominator® range
- Also available in an after-market extension kit for existing fence
- Mix and match your existing fence using our lattice colour options

# Dominator<sup>®</sup> Fencing

## Colour Range

Dominator<sup>®</sup> fencing can be manufactured from a wide range\* of COLORBOND<sup>®</sup> steel colours and finishes so you can choose the exact look that sets the tone for your whole home or complements your other building material choices.

### STANDARD COLOURS

### COLORBOND<sup>®</sup> steel and Fielders – a perfect combination

COLORBOND<sup>®</sup> steel is Australian-made pre-painted steel that's supplied to Fielders in large coils by BlueScope. Through a process known as rollforming, Fielders forms the COLORBOND<sup>®</sup> steel into roofing, walling, guttering and fascia profiles, plus components for fencing systems and home additions such as verandahs, patios and carports.

\*Not all products are available in all finishes/colours, subject to availability, check with your local Fielders representative. The COLORBOND<sup>®</sup> steel colour swatches and images shown have been reproduced to represent actual product colours as accurately as possible. However, we recommend checking your chosen colour against an actual sample of the product before purchasing, as varying light conditions and limitations of the printing process may affect colour tones.
